Prerequisites:

Students must check the course descriptions for every course before registering to determine if the course carries a pre- or co-requisite. Because we require students to register for a full year of classes during the registration period, the online registration program (NOVASIS) will not prevent you from registering for a class for which you do not have the prerequisite, **however, you will not be granted credit for any course you take without having completed the prerequisite, even if you complete the entire semester.** Full course descriptions are available on the Registrar's website, and students are required to review them before registering.
